

VISIT METEORA 06-07 SEPTEMBER 2014

Itinerary (2 days/1 night):

Day 1: Museum of Wax Effigies – Metsovo

Our tour starts with a visit to Wax Effigies Museum of Pavlos Vrellis, the only one of the kind in Greece which hosts exclusively persons of the Greek –recent mainly- history. Next station to our tour (one hour distance from Ioannina) is the famous for the local wine and cheese mountain village of Metsovo, built in an altitude of 1200 meters with beautiful stone mansions. You can enjoy your meal and your coffee in the central square, which is surrounded by traditional taverns and charming cafes. Transfer to hotel in Kalabaka (overnight).

Day 2: Meteora – Ioannina

A visit to Meteora offers the unique experience of nature's grandeur in conjunction with history, architecture and man's everlasting desire to connect with the Divine. Meteora is a truly inspiring and sensational setting of overwhelming rock formations, but one must also be prepared to expect that this trip is much more than merely visiting an exquisite landscape. It is a pilgrimage to a holy place for all Christians around the world. Meteora has become a preservation ark for the 2000-year-old Christian Orthodox creed. The gigantic rocks of Meteora are perched above the town of Kalabaka, at a maximum height of 400 m (1200 ft). The most interesting summits are decorated with historical monasteries, included in the World Heritage List of Unesco.
